- **Technologies:** React, Typescript
- **Website Link:** <https://www.npmjs.com/package/hebrewcalendar>
- **Source Code:** <https://github.com/krasnoff/hebrew-canlendar>

## WORK EXPERIENCE

### Matrix IT

2020 - PRESENT

#### Front End Developer

Develop mobile applications for Android and iPhones using the following stack: Angular, TypeScript, Ionic, Capacitor, HTML, SCSS, CSS, JavaScript, AngularJS

Key Responsibilities:

- Design and implement user interfaces for mobile applications.
- Collaborate with backend developers to integrate APIs and ensure seamless functionality.
- Optimized applications for maximum speed and scalability.
- Participated in code reviews and provided constructive feedback to team members.

### AudioBurst

2019 - 2020

#### Front End Developer

Part of an Agile Scrum team that is responsible for building and maintaining SaaS applications:

- Developing pages, components, and services in Angular 8.
- Also use the following Technologies: Calling RESTful APIs using JS Promises and RXJS Observables, HTML, CSS, ES6, and Sass (SCSS files).
- Develop Web API components to produce RESTful APIs.
- Develop in the .NET core using the C# language.
- Using the following design patterns: Dependency injection and Singleton.

### TopSpin Security (Fidelis Cybersecurity)

2018 - 2019

#### Front End Developer

Develop an administration application. The application is based on Angular 4.0 and Angular JS technologies. My role was:

- Develop pages, components, and services in Angular 4.
- Developing directives and services in Angular JS.

### Ness Digital Engineering

2016 - 2018

#### Web Developer

Develop and maintain Web systems in the ORT IT department. The work involved the usage of the following technologies: C#, asp.net, msSql, oracle, html, javascript, jQuery.

### Cisco

2015 - 2016

#### UI Developer

Build and maintain a large-scale web application (front end). The work involves using the following technologies: HTML 5, CSS 3, DOJO, LESS, GIT, Gerrit, and Jenkins. The project is managed in agile-scrum methodologies.
